Conclusion: The estimated value\*\* of this property on 23-Feb-2010 is **\$372,000**

\*These comparables are selected from the pool of properties used to generate the estimate based on proximity to the subject, physical similarity, and date of sale. All comparables are located in the same jurisdiction as the subject and, where possible, are in the same project (for a strata apartment or townhouse unit) or same subdivision plan (for a single family house or duplex unit). These are not necessarily the three most recent comparable sales, but are the best indicators of the value of the subject property taking all factors into consideration.

\*\*The estimate of value is a computer-generated value based on statistical analysis. As with all statistical analysis, the estimate is subject to a margin of error. This estimate is based on information about the subject property contained in our database. We do not inspect properties and have not confirmed the condition of the subject property. If the data about the subject property is incorrect or incomplete, the accuracy of the estimate will be affected. Landcor is confident that in most cases the estimated value is close to the actual market value of the subject property. Users requiring a higher level of confidence based on a property inspection should consult a professional appraiser.

For: 22337 124 AVE As Of 23-Feb-2010
